

PACK MULE™ THE MOST VERSATILE FRAME SYSTEM ON THE MARKET

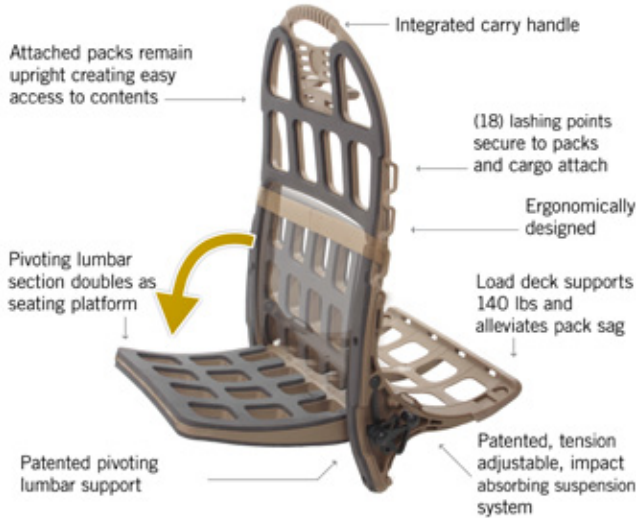

MODEL: PRPPM1-N-CB

DESCRIPTION

A multi-purpose frame system ideal for carrying any load to suit a variety of activities. It is easily adapted to support the attachment of most military-styled and medium sized commercial packs. The cargo deck also enables irregular items to be carried, such as fishing tackle, tree stands, game slings, ladders, coolers, etc. The Pack Mule™ is the most versatile packing system on the market today!
